NET QUICK ASSETS are the highly liquid assets held by the agency, including cash, marketable securities and accounts receivable. Net quick assets are calculated as current assets (cash + marketable securities + prepaid assets + accounts receivable) minus current liabilities of payables and deferred revenue. The FY17 target is 6 months of operating expenses (TJPDC costs minus pass-through and project contractual expenses), based on a rolling twelve-month average. TJPDC had 6.22 months of operating expenses at the end of the month. The rolling twelve-month average operating expenses changes only slightly from month to month, increasing from \$79,205 in December to \$79,409 in January. Since January 2016, Net Quick Assets have increased by \$59,027.

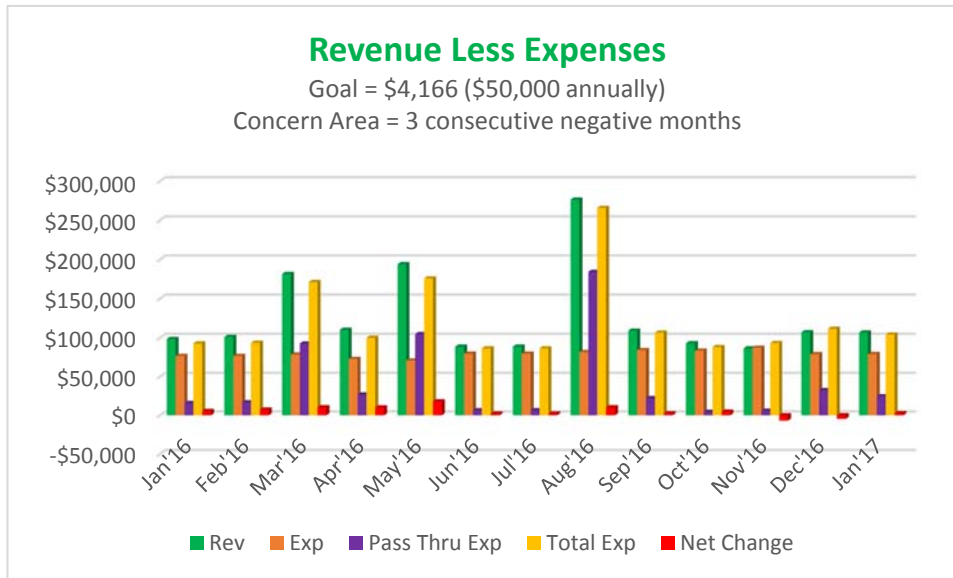

UNRESTRICTED CASH ON HAND

consists of funds held in checking and money market accounts immediately available to TJPDC for expenses. Cash does not include pass-through deposits in transit. Total cash minus notes payable minus deferred revenue = Unrestricted Cash on Hand.

Months of Unrestricted Cash divides unrestricted cash on hand by the agency's average monthly operating expenses to give the number of months of operation without any additional cash received. The end of month level of Unrestricted Cash on Hand of \$352,917 represents 4.44 months of operating expenses.

NET REVENUE is the surplus or shortfall resulting from monthly revenues minus expenses. The final FY17 budget adopted in February 2017 projects a surplus of \$54,685. There was a small surplus in January of \$2,612. The resulting year to date surplus is \$5,984, which is significantly below the YTD target of \$29,167, and the YTD budget of \$18,783. With expected revenues and expenses, TJPDC expects to surpass the target of \$50,000 by the end of the fiscal year, June 30, 2017.

NOTES

1. Target is a reasonable expectation that the TJPDC may reach this level to achieve our long range financial goals. A plan will be developed showing how these target goals are expected to be achieved through daily financial management practices.
2. Concern is a level where staff will immediately identify causes of the change in financial position, whether this is a special one-time circumstance caused by a financial action or whether a trend is emerging caused by one of more operational or financial circumstances and prepare a plan of action to correct or reverse the trend.
3. Back up documentation and details of this Financial Dashboard can be found in the monthly financial statements of balance sheet, income statement and cash position statement supplied to the TJPDC Commissioners.
4. The average monthly operating expense is a rolling twelve-month average of operating expenses (TJPDC costs minus pass-through and project contractual expenses).
5. Meeting the goal of Revenue Less Expenses of \$50,000 per year will achieve our target goal of \$500,000 in Net Quick Assets before the end of FY17.
