NET QUICK ASSETS are the highly liquid assets held by the agency, including cash, marketable securities and accounts receivable. Net quick assets are calculated as current assets (cash + marketable securities + prepaid assets + accounts receivable) minus current liabilities of payables and deferred revenue. The FY17 target is 6 months of operating expenses (TJPDC costs minus pass-through and project contractual expenses), based on a rolling twelve-month average. TJPDC had 6.58 months of operating expenses at the end of the month. The rolling twelve-month average operating expenses changes only slightly from month to month. It increased from \$78,363 in September to \$78,658 in October.

Unrestricted Cash on Hand

Target = \$314,632 (4 months operating expenses)
Concern Area = <\$157,316 (2 months operating expenses)

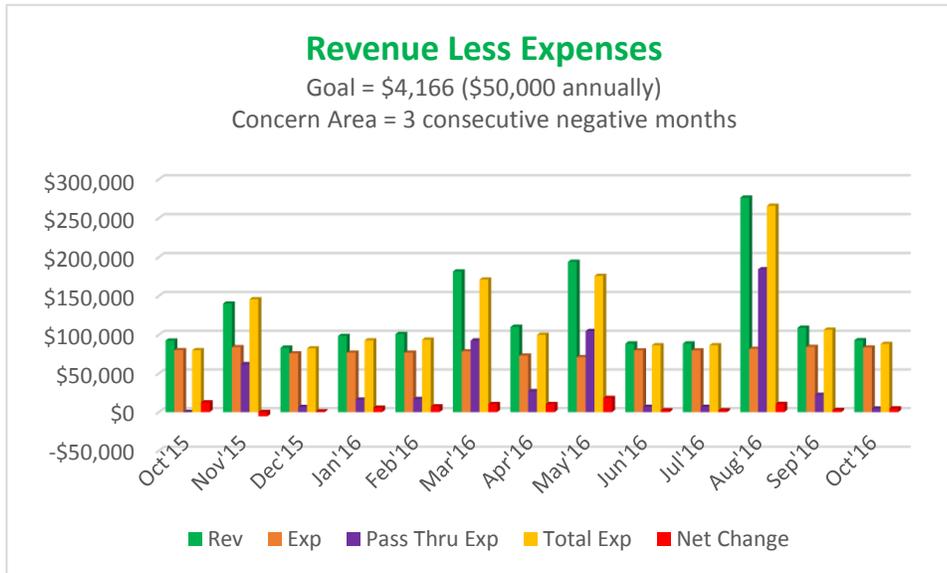

UNRESTRICTED CASH ON HAND

consists of funds held in checking and money market accounts immediately available to TJPDC for expenses. Cash does not include pass-through deposits in transit. Total cash minus notes payable minus deferred revenue = Unrestricted Cash on Hand.

Months of Unrestricted Cash divides unrestricted cash on hand by the agency's average monthly operating expenses to give the number of months of operation without any additional cash received. Total cash increased from \$387,870 in September to \$427,023 in October. The end of month level of Unrestricted Cash on Hand of \$353,159 represents 4.49 months of operating expenses.

NOTES

1. Target is a reasonable expectation that the TJPDC may reach this level to achieve our long range financial goals. A plan will be developed showing how these target goals are expected to be achieved through daily financial management practices.
2. Concern is a level where staff will immediately identify causes of the change in financial position, whether this is a special one-time circumstance caused by a financial action or whether a trend is emerging caused by one of more operational or financial circumstances and prepare a plan of action to correct or reverse the trend.
3. Back up documentation and details of this Financial Dashboard can be found in the monthly financial statements of balance sheet, income statement and cash position statement supplied to the TJPDC Commissioners.
4. The average monthly operating expense is a rolling twelve-month average of operating expenses (TJPDC costs minus pass-through and project contractual expenses).
5. Meeting the goal of Revenue Less Expenses of \$50,000 per year will achieve our target goal of \$500,000 in Net Quick Assets before the end of FY17.
